

Filters

Many of the reports available in class can be 'filtered' so that the results are limited to data that meets the criteria chosen in the filter panel.

Often a date range is selected but there are other filters like selecting a funding category or a few funding categories to show results based on these selections.

This page lists the options for all filters available in CLASS standard reports. See Filters available in the right hand column to jump show options available for the filter you require.

Dates

Select any dates and funding categories you require, for example:

- calendar year: 1 Jan 17 - 31 Dec 17
- financial year: 1 Jul 16 - 30 Jun 17
- year to date: 1 Jan 17 - 'today'

Funding Categories

Choose funding categories in groups or individually.

Catchment (for Centres)

The Catchment chosen will determine which centres will be shown. Options available here are dependent on response to demographic criteria chosen in the filter dropdowns, Gender, Age, Financial disadvantage etc.
